For the first time ever, a mod-maker announced that he had his own mod ready for Bethesda'sÂ .Despite the best efforts of some corners of the gaming industry to revive Nintendo's struggling Wii U console by suggesting that the "Wii U is dead" narrative is just a result of the "Nintendo math" not being right, we are yet to see Nintendo's Wii U hardware sales decline to the point of being a commercial failure. Nintendo is still the dominant force in the industry with a 95.4% share, a 23.2% market share growth over the last year, and an average consumer spending on gaming hardware (per adult, per generation) of \$90.12 over the past year. Despite the sometimes hostile stance taken by some during a generation of PC gaming (spreading the early adoption of PCs, the success of PC games on the "Steam store" platform, and various other changes to the industry), Nintendo's success is without doubt. Considering the persistent modern phenomenon of "cross-platform" games, Nintendo not only has an advantage in terms of the availability of their own game systems (as well as the opportunity to sell their hardware on "someone else' 3e33713323
