Best Duplicate File Finder Utility to Find Identical or Same Files and Remove Duplicates Free Version: We would like to mention that the free trial version of Duplicate File Finder Utility to Find

### What's New in the?

Duplicate File Finder Utility to Find Identical or Same Files and Remove Duplicates is a small software application developed specifically for helping you search for duplicate files and remove them from your computer. It can be installed on all Windows versions out there. Clean and simple design You are welcomed by a clutter-free environment where you can define the search process for duplicate files with ease. You may also check out the built-in tutorial in order to view information about the configuration process. Files can be imported in the working environment using the built-in browse button (the drag-and-drop support is not implemented). You may also preview the selected file directly in the main window, more specifically you can check out file headers. Look for duplicate files Duplicate File Finder Utility to Find Identical or Same Files and Remove Duplicates offers you the possibility to build up a list with the files that you want to process. What's more, you can clear the list with a single click, include subfolders in the search process, as well as set up a mask when adding files (e.g. TXT, DOC, RTF). In addition, you can view the duplicate results displayed in a separate panel and delete the selected files. The tool is not a resource hog so you do not have to worry that it affects the overall performance of the computer. However, it has not been updated for a long time so it may cause compatibility issues on newer operating systems like Windows 8 and 10. Final thoughts To sum things up, Duplicate File Finder Utility to Find Identical or Same Files and Remove Duplicates helps you find out if you have duplicate files on your computer, preview them, as well as get rid of them in order to gain some extra space on the disk. Duplicate File Finder Utility to Find Identical or Same Files and Remove Duplicates is a small software application developed specifically for helping you search for duplicate files and remove them from your computer.
