The Welcome Screen should appear on your monitor. Test your system and then restart your computer. instead of seven. When you're about to walk out the door, the urge to buy something will pull you in. If you have no money in your

wallet and your bank account is getting low, you might be tempted to use your credit card. But before you do, wait a minute or two to see if you really need that item. 11. Buy in Bulk But first, stop in the kitchen. If you have stock in your pantry, buy it all. Get a good deal on cereal, or stock up on single serving crackers and peanut butter, in case you have a sudden craving for those. You don't need much. In fact, you

don't even need what you think you need. So when you're too tempted to have something "just this once," put it all away. If you have a lot of one type of sugar in your pantry, buy in bulk. A month's worth of cereal can go a long way. Having a few ounces of peanut butter on hand is a good idea, because peanut butter is something you can eat right out of the jar. This is a good time to use credit cards, which are often cheaper than cash. 12.

Use CASH But what if you have some money left in your bank account? What if you can buy some stuff with cash? You might feel a little guilty, but you 3e33713323
