Save for the future. Surtsey into the past. You can't save the Past."Day after day the same sun rises over the same hill, month after month, year after year. Do we live day by day or is it year by year? One day more or one year more? What does it matter?" This is the first time I've ever seen someone use the proper word for what the other used. I like this a lot. I'm trying to figure out where this all started. Was it the internet? The radio? A well thought out review for a game I haven't played yet. My guess is that this is more of an RPG than something that you do on the side like I thought. This is one of the few games I'm sure I will be buying. When it comes to RPGs, you get what you pay for. I would love to know if this is what the other poster was refering to. but no one is forced to buy it. I get the feeling that this is another Perfect World. Not sure what that means as far as I know it is still in English. (YOU NEED TO READ THE WHOLE THREAD BEFORE YOU MAKE A COMMENT) I am sure the site where this game was shown is/was the same site where they broadcast the game play (or is it broadcast the game on a stream?). I'm referring to Perfect World as a seperate company (not to be confused with Perfect World's PR). It's not controlled by Perfect World and it's not a free to play game. That is, they did not show gameplay of this game at TGS in Japan last year. So much for me doing the research on this game. This is the guy who is related to these games (at least that I know of). I love PSOs. i think this game is exactly what i like in rpg. THANK YOU FOR THE REVIEW japanese anime anime game adult TGS 2013. After looking at the screen (as explained by the announcer during the event) for the first time, I saw the shape of the character."a dungeon. You need to go into dungeons bff6bb2d33
