This is a Fantasy RPG of Knights and Monsters as chosen by the world of the Elden Ring Download With Full Crack. The castle in the distance, shrouded in the autumn mist, is the Land of Oblivion—home of Evil. Travelers can never return from the darkness of the Mistlands. The lost castle of the king has now fallen, and there are no survivors but for one lord and a handful of his retainers. Long ago the knights of this forgotten kingdom brought King Arthur's Excalibur, the

legendary sword that vanquished the Dragon Slayers, to the Land of Oblivion as a weapon to repel the Evil. However, that blade was lost centuries ago and Evil has made no headway in the Land of Oblivion. Now, the men of the land—the brave and loyal knights known as the Knights of the Dawn—must find the sword Excalibur and bring it to the Land of Darkness. The story opens in the castle of the legendary king Arthur, the last of the Knights of the Dawn. In the castle, the last of the Round Table, Sir Galahad, awaits the return of his older brother, Sir Percival, with whom he had parted upon the completion of their quest to find the sword Excalibur. Meanwhile, another old friend of Galahad's, the gnome Dwarf Astrid the Fairest, hides in the castle with a group of strange and perplexing magical beasts that have appeared around the castle. Many forces are ready to gather in the Land of Oblivion and many powerful

weapons are being prepared. Your task is to recreate the glory of the Knights of the Dawn. The Land of Oblivion is an expansive, but dangerous place to explore and you will run into many perilous foes. As you travel in the Land of Oblivion, you will gain experience points, build up your “Wise” level, and acquire allies to help you on your quest. In order to achieve victory you will have to build up your “Battle” level and prove to everyone that you are the valiant warrior that can vanquish the Evil within the Land of Oblivion. ◆Features◆
