Today's news is from the independent company Abstraction's press release. Taken from Dengeki Nintendo's website. In the latest issue of Dengeki Nintendo's Game Watch, the company announced the full release plans for the upcoming fantasy action RPG, The Elder Scrolls: Legends. The highly anticipated game is aiming to be released this summer, and will be released for the Nintendo Switch console in the West for the first time. It will also be available for the PlayStation 4, Xbox One, and PC. The game will be available in both physical and digital versions. Dengeki also announced a development plan for The Elder Scrolls: Legends online. After the release of the physical and digital version, the game will be playable online for free. What is The Elder Scrolls: Legends? The latest game in the world's best-selling RPG franchise will be a traditional "dungeon crawling" RPG featuring real-time, card-battling elements that allows players to compete together or against each other. Players will be able to play as any of the fantasy races that inhabit Tamriel, including the elves, dragons, and humans. In addition, a wide variety of cards, like those found in collectible card games, will allow players to customize their decks. The game includes numerous modes, such as Adventure Mode and Puzzle Mode, and offers up to four-player multiplayer, where players can join together to take on opponents. The game also supports a variety of modes to allow players to enjoy themselves either with others or alone, such as the waiting game mode and dueling mode. Features include the ability for two players to engage in real-time, card-battling multiplayer, and cooperative missions where multiple players can work together.

▼ Characters Players will be able to choose from among a variety of characters, including a human mage, a vampire, a warlock, an elf, a dragonborn, a wight, and even a deep elf.

▼ Characters Dragonborn A former disciple of the Daedric Prince Oghma, this deep elf was once a loyal servant who could not turn away from his task. His task in the recent past was to train the dragons, but that was destroyed.

Deep elf demon wight A demon wight who willingly serves the Daedric prince from the Burning Legion. He also seems to care for human life and makes attempts to protect the innocent.

Chaos has fallen onto the Lands Between. The Underworld has invaded with horrible consequences. You must fight back. What is the best way? How do you take on the challenge?

It's PVP!

You must determine your course of battle by challenging others in battles through the multiplayer. You can battle to change the starting location and the class of monsters in the dungeon. The scale of the battle changes depending on the distance and the number of combatants, so the game reacts in proportion to the scale of the battle.

Through such decisions, each player progresses according to their own plan, and the players with the best skills among them win battles against all odds!

Among the attributes, the character level is represented as a number, and the basic stats are represented as percentages. The more you defeat enemies, the higher the amount of experience points you will receive. If your character reaches a certain level, you can obtain special skills from monsters and acquire new skills. There is a time limit for each of the rounds in the game. For example, the time limit of a round may be 5 minutes. The monsters you defeat will appear in the next round. When the time limit expires, your monster will go to the arena where monsters compete for the rank. There is a "monster mode" for the monsters. However, the monsters will fight one by one. Such enemies will have a higher level and be more powerful than the monsters at the beginning of the game, but they will not have any special skills. In the battle against enemies, the "Mission Complete" notification will appear. In this case, the missions will start, and you will receive a reward for completing them. The progression of the story depends on how you perform in the battle. In the early part of the game, it is difficult to perform well in the battle.
