With "HyperMotion Technology," the FIFA community will be able to create and share matches with unprecedented intensity. Videos, replays and tactics shared using the popular FIFA Social hub will also benefit greatly from this technology. As such, FIFA 19 is a landmark year for social features. FIFA Ultimate Team will launch a new system, FIFA Points, so that players have the ability to make use of in-game currency in a new and comprehensive way. Players will be able to instantly redeem FIFA Points to unlock fresh additions to their Ultimate Team - from new transfers to packs and player gear - and potentially even earn exclusive content. Players can also use FIFA Points to build up their FUT Leagues, which will in turn allow them to reach rare items and earn additional rewards. FIFA 19 also introduces the brand new Editor Draft System, which will let players directly influence the gameplay of upcoming matches, creating entirely new and diverse experiences. The new Editor Draft system, powered by the "FIFA Football DNA", will be driven by a set of gameplay rules, and each game played in the future will be shaped by the player decisions made within the Editor Draft.
