I'm using Fontastic's Invoice Generator and I've noticed that it uses the Shortname theme. I'd like to change it, but the Theme property doesn't seem to have any effect. Any idea why? If I change the theme in CSS as follows, it works fine. `.fs_invoice { width: 200px; margin-top: 20px; margin-left: 60px; float: left; background: #f7f8fa; -moz-border-radius: 6px; -webkit-border-radius: 6px; border-radius: 6px; border: 1px solid #eee; }` I've got so much CSS code in the template that I can't just copy everything over, so I'm hoping to keep some of the "standard" Fontastic CSS. A: There is a theme option for Fontastic that can be set on the server side, here is the link to the documentation: A: Yes, it uses the shortname theme. It's a really easy thing to do, just change the theme file at the root of your filesystem (that is, the theme folder, not the theme document). There are theme options for the CTA buttons, the styles in d0c515b9f4
