## **How to Play**

Players are given a series of challenges, and a world that is full of mysteries and dangers. Upon the completion of each challenge, players receive experience points, experience points are used to improve character stats, and in addition to the skills obtained at the end of class.

Attacks are directed at the enemy, and once an attack damages the enemy, you can choose to attack or to use "Magic" to activate damaging effects. On the other hand, Characters, are equipped with Magic, and their own unique attack to unleash. If your character cannot win at a particular level, Characters can use "Throw", which increases their damage dealt and reduces the defence of the enemy. If characters learn "Throw" by leveling, players will be able to obtain a number of throws before they can learn "Throw" again.

- Fight with your enemies!
