2 976. Actually in the first line, there is a "<sup>^</sup>" as prefix, which means if someone uses this file, he/she has to remove this prefix and then run PartitionGuru.pro... A partition is a division of space on a hard disk which is defined to be a logical unit.

A main operating system uses one or more partitions to divide an internal hard drive's space into a number of sub-areas. Each sub-area on the storage medium is called a partition.. PartitionGuru PRO

Professional helps you to maximize WindowsÂ OS space and cut down the size of partitions to achieve this.. you could use the first two functions from the left side, and then.. .partition guru pro
