I doubted for a long time whether it was worth spending my time on this creation from one of my favorite developers, but curiosity got the better of me and I decided to give it a try. I will say right away that I do not like all sorts of RPGs out there. I

like the good old games that I saw on the computer since childhood. Among these, I include, of course, the old series of games from the Diablo series, as well as Duke Nukem 3D. They are still my favorite PC games to this day.
